Experience

Freelance UI Design and Frontend

Currently, I design and develop digital media projects involving branding, illustrations, UI design plus some HTML and CSS and work in collaboration with other developers.

2019 - present

Loveco UI Design and Frontend

Redesigned and developed existing online shop including styleguide and UI components with fellow designers. I developed new CMS features using basic PHP to advance marketing campaigns.

2017 - 2019

Pagestreet UI Design Intern

Designed and created interactive high-fidelity website prototypes for various clients.

2017
